SPECIAL NOTICE

We make a specialty of supplying Market Gardeners with the best strains of seeds that can be produced. We are always on the alert for a better strain, and if we find it, we spare no expense in securing stock of it. We handle absolutely nothing that we do not believe to be the best obtainable. We do not claim to compete in prices with irresponsible parties, whose sole effort is to secure the lowest priced seeds, regardless of quality; such seeds are not cheap, but dear at any price. The first cost of seeds is insignificant, compared with time and labor that must be expended upon a growing crop. Quality is our first consideration, and the prices we offer are as low as first-class seeds can be sold for.

It is our endeavor to maintain the prices quoted in this Catalogue throughout the season, but they are subject to change without notice.

WE DO NOT WARRANT SEEDS

The fact that no reputable seedsman now warrants seeds in any respect being well known, renders it unnecessary for us to say very much on this point, as it must be apparent to every intelligent person that no seedsman can afford to send out poor or worthless seeds. There could be no more certain way of destroying his business. We beg to append the following notice:

The seeds offered in this Catalogue have been carefully grown, selected, cleaned and tested for germination, and we believe them to be first class in every respect, but we cannot guarantee the crop, as too many conditions enter into it; therefore, we give no warranty, express or implied, as to description, purity, productiveness or any other matter of any seeds, bulbs or plants we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are to be returned at once, and if the money has been paid for them it will be refunded.

TERMS

Our Terms are Strictly Cash with the Order

The prices in this list are all net F. O. B. freight depots and express offices in Detroit, Mich., and we do not prepay transportation charges. If seeds are ordered sent by mail, postage must be added at the rate of 8c per pound. On account of the extreme high cost of putting up ounces, we have made the minimum price 15c.

Half pound and over at pound rate.

Ten pounds and over at 100-pound rate.

On an order for 10 pounds up to 100 pounds, where same is to be shipped by Freight or Express, a charge of 50c is made to cover cost of outside bag in which to ship. Unless this is done we will have to reduce quantity ordered to cover cost of container.

Prices in this list are intended only for MARKET GARDENERS—those who make a business of gardening for profit. Please be sure to write your name and address plainly.
